Description

New iCRco iCR 3600 CR System from $\underline{indoelectronic.com}$

The iCR3600 $^{\text{TM}}$ a rugged, dependable, single-plate scanner is known for it's image quality and reliability. iCR3600 has earned global acclaim from clinics, hospitals, emergency response services, the military, mobile facilities, and non-destructive testing.

Physicians can achieve amazing workflow at a much lower cost with its integrated pairing with the robust and feature-rich image processing XCTM software. XC provides superior quality images every time with an option to further manipulate the images.

XC™ Acquisition Software Features :

- XC Intuitive touchscreen acquisition
- ICE-3 Processing Automated image characteristics analysis for maximum image enhancement

- Image Display State: Automated enhancement of image display at the point of acquisition
- Smart search, sort, and filter options
- Integration with front office management systems like RIS and EMR
- Full set of annotation and measurement tools
- User-preferred settings and privileges
